PERMIT GUIDANCE

This permit does not fulfill the requirements of other federal or state regulatory authorities. As appropriate, please contact the U.S. Environmental Protection Agency, the U.S. Fish and Wildlife Service, the U.S. Food and Drug Administration, the Centers for Disease Control and Prevention, the APHIS Veterinary Services unit, or your State's Department of Agriculture to ensure proper permitting.

If you are considering renewal of this permit, an application should be submitted at least 90 days prior to the expiration date of this permit to ensure continued coverage. Permits requiring containment facilities may take a longer period of time to process.

This permit does not authorize importation, interstate movement, possession, and/or use of strains of genetically engineered regulated organisms (created by the use of recombinant DNA technology).

If an animal pathogen is identified in your shipment, to ensure appropriate safeguarding, please refer to http://www.aphis.usda.gov/import_export/animals/animal_import/animal_imports_anproducts.sh

PERMIT CONDITIONS

This permit is issued to Robert Eldred, Top Hat Cricket Farm, 1919 Forest Drive, Portage, MI 49002, and authorizes the interstate movement of Gryllobates sigillatus adults and nymphs to Rhode Island for use as feeder insects.

- No importation of any organisms is authorized.

Permit Number P526P-15-01428

THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.	DATE
 Monica Jones O'Neil	03/11/2015

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- 2. Permittee must maintain a valid permit for as long as the regulated organisms remain viable.
- 3. These arthropods are to be shipped in sturdy escape-resistant containers.
- 4. No plant material other than a piece of potato is to be included in the shipments.
- 5. The permittee is to ensure that shipments are not contaminated with any additional plant pests.

Soil may not accompany shipments

- 6. This permit does not authorize receipt of any organisms at the above address/location from an out of state source or from an in-state source that received these organisms from out of state under permit. A separate permit is required.
- 7. RECORD KEEPING
The permit holder must keep records of all shipments sent under this permit for a period of three (3) years after the shipping date. All records retained under this permit must be made available to the USDA upon request. Failure to keep, or make available, records required under this permit is cause for this permit to be cancelled and fines assessed. Failure to keep, or make available, records required under this permit is cause for future permits to be denied.
- 8. DROP SHIPPING IS NOT AUTHORIZED UNDER THIS PERMIT
This permit does not authorize drop shipping. Drop shipping encompasses any shipments of regulated organisms made to customers from other producers or suppliers. These shipments do not originate from your address. These shipments may include filling orders on your behalf. Each shipper must have a permit specifically issued to them authorizing the interstate movement of the specific regulated organism to each destination. As a permit holder, your permit does not cover the activities of other shippers. Each permit holder remains responsible for determining if another entity possesses a valid 526 Plant Pest Permit for each regulated organism prior to requesting any regulated organisms be shipped on their behalf.
- 9. This permit does not authorize distribution or redistribution of imported insects. All insects shipped under this permit must be laboratory-raised F1 generation produced within the (continental) United States (or its territories).
- 10. This permit is valid for only one destination state identified under "destination" in this permit and is valid only for the species listed.
- 11. A copy of the permit must accompany each shipment of approved organisms, either inside or outside the package
